4. Long Journey Home

"Great Spirit behold me this day for I have brought home a scalp
that I found at a festival in Germany.-
And I thought it is only right that this great warrior
of long ago returned to the United States.-
That he would finally have eternal rest.

Great Spirit I have brought back this scalp to
Lakota and Cheyenne people as well !

Great Spirit I ask you that you also hear my prayer today ?
I pray for my friends who are here and in Germany !
In the wintertime when I am saddened or I get lonesome -
all I have to do is close my eyes and think of the friends
I have here in the states, both Cheyenne and Lakota
and of my own people.

Great Spirit I ask that you take care of them,
look after them and always give them blessings and good luck
when they walk, - when they walk this red road.

This I ask in a humble way Great Spirit and my name
is the Fluteplayer or I am Ambros !"

10. Home Again

One day it's time again, to go down to the airport,
book a flight straight west, to fly high up in the sky
into a country to rest, into a country that's best.

When I'm gonna be there, sunshine will be all around me,
wind will clean the air, the stars will guide my way at night
at a peaceful place, at a peaceful place.

I'm going home, home, home again, - home back to the Hills,
home, home, home again to the heart of everything.
I'm going home, home, home again, home to see my friends,
home, home, home again, home to the Hills again.

Gonna travel home again, to that beautiful place there,
to feel the power then, touch it, smell it everywhere,
at that silent place, at that silent place.

Eagles flying high, Buffalos roame around,
I hope the time goes bye, until I feel that sacred ground
right under my feet, right under my feet.

I'm going home, home, home again, - home back to the Hills,
home, home, home again to the heart of everything.
I'm going home, home, home again, home to see my friends,
home, home, home again, home to the Hills again.

My soul is feeling free, my heart is singing, I feel good.
That's where I wanna be, I try to make it if I could,
I need to go back again, I need to go back again !

I'm going home, home, home again,
